SUMMARY

Aspiring IT Professional with a strong foundation in Information Technology and experience in programming and software development. Eager to collaborate with dynamic teams and overcome challenges. Seeking an internship in IT-related fields or software engineering to apply my technical skills, develop my professional experience, and contribute to innovative solutions. Passionate about technology and dedicated to continuous learning and growth.

PROJECTS

- **Smart Tech Hub Management System**
  University project

Developed a full-stack web application for managing a New Gen computer shop. The system allows users to make repair appointments, purchase products and download invoices. Admin functionalities include managing products, repair schedules, employee details and salaries.

Technologies Used
JavaScript, React, Node.js, Express.js, MongoDB, Postman API, HTML, CSS

- **Hospital Management System**
  University project

Developed a full-stack hospital management system enabling patients to book appointments and access medical records. Admin features include managing patients, staff, schedules and generating operational reports.

Technologies Used
Java, HTML, CSS, Tomcat, MySQL

- **Airline Ticket Reservation Management System**
  University project

Developed a full-stack airline ticket reservation management system that enables passengers to book flights, manage reservations, make secure payments, and provide feedback. Admin features include managing flights, passengers, bookings, and payments

Technologies Used
HTML, CSS, PHP, JavaScript, MySQL

- **To-Do List Android App**
  University project

Developed a feature-rich To-Do List mobile application that allows users to add, update, and delete tasks. The application integrates a database for persistent data storage and utilizes real-time updates to keep the user interface current.

Technologies Used
Kotlin, Room, Live Data, View Model, Android Studio, Git

EDUCATION

Sri Lanka Institute of Information Technology, Malabe   Oct   2022 - Present
BSc (Hons) in Information Technology Specializing in Information Technology

St. Joseph's Balika Maha Vidyalaya, Kegalle   June 2015 – Aug 2018
GCE A/L in Physical Science Stream

Dedigama Perakumba Central College, Dedigama   Feb 2009 – Dec 2014
GCE O/L

SKILLS

- **Programming Languages:** C, C++, Java, PHP, Python, JavaScript, HTML, CSS
- **Frameworks & Libraries:** ReactJs, ExpressJs, NodeJs, React Native
- **Database:** MySQL, MongoDB
- **Tools and Technologies:** VS Code, Android Studio, Eclipse, IntelliJ Idea, Colab, Postman, Figma, Git, GitHub, MERN Stack
- **Soft Skills:** Creativity, Teamwork, Leadership, Time management, Communication, Problem-Solving
